Mohammed Abid
User Experience and Interaction Designer

ABOUT

I am an experienced designer with a background in Human-Computer Interaction and Economics. I've worked for various tech and consulting companies, including Tesla, Booz Allen Hamilton, and Apple, in a variety of design and business roles. I am currently looking for a full-time user experience or interaction designer role.

EXPERIENCE

Lively (Moringa Living)
Aug. 2014 - Dec. 2014

Design Lead
- Designed and coded front-end of an activity and group based website for Boomers; process included user research, prototyping, and iterative design.

MGP (Stanford d.school)
Oct. 2013 - July 2014

User Experience Designer
- Designed the interface and collaborated with programmers to release an application on the App Store and Google Play with 1,000+ downloads.

The Hummus
Jan. 2013 - Present

Co-founder
- Founded a Muslim satire news site that was featured on NPR, BBC, Buzzfeed, and other news sources. I lead design and manage 5 writers.

Tesla Motors
Oct. 2013 - July 2014

Graphic Design Intern
- Created 10 graphics and 15 emails for Tesla stores and test drive events.

Apple
June 2012 - Dec. 2012

Finance Intern
- Prepared a report on the success of Apple's product segments and the ROI of Apple installations at Best Buy locations for Tim Cook, Apple's CEO.

Booz Allen Hamilton
Sept. 2010 - Dec. 2010

Consultant Intern
- Led a team of five interns in developing a framework for a military mobile applications platform with a need for secure application download and usage.
